Cooking Matters by Share Our Strength
AmeriCorps National Direct Program

Cooking Matters is helping end childhood hunger by inspiring families to make healthy, affordable food choices. Our programs teach parents and caregivers with limited food budgets to shop for and cook healthy meals. Cooking Matters is a campaign of Share Our Strength, an organization working to end hunger and poverty. We offer interactive grocery store tours, hands-on cooking classes, smartphone apps and other resources – all free, and run through trusted local community partners. Cooking Matters serves families across the country and is a trusted leader in food skills education, conducting research and supporting partners that reach families in need.

AmeriCorps programs provide opportunities for Americans to make an intensive commitment to service. The AmeriCorps network of local, state, and national service programs engages more than 80,000 Americans in projects around the nation each year.

Gleaners Community Food Bank exists to provide households with access to sufficient, nutritious food and related resources. We accomplish this through collaboration, efficient operations, education, and innovative solutions to achieve a hunger-free community in southeast Michigan.
